

The map illustrates the water supply network for Libatse village. It features a complex system of pipes, with planned reconstructions shown as blue dashed lines and existing pipes as black dashed lines. A red rectangle marks the planned fire water intake point (50 m³). The map includes a legend with symbols for planned hydrants, reconstructions, fire intake points, existing pipes, pump stations, and wells. The scale is 1:3000, and the map was created by Alkranel OÜ in 2006.

Legend:

- Planeeritav hüdrant
- Rekonstrueeritav veetrass tinglähimõõdudega
- Planeeritav tuletõrje veevõtumahuti (50 m³)
- Rajatav veetrass tinglähimõõdudega
- Puurkaev-pumplate sanitaarkaitsevõõnd
- Rajatav puurkaev-pumpla
- Puurkaev

Map Details:

- Scale:** M 1:3000
- Author:** Alkranel OÜ, 2006
- Map Title:** Lisa 2a: Libatse küla ühisveevarustuse üldskeem

The map illustrates the water supply infrastructure for Libatse village. It features a network of water mains, some of which are planned for reconstruction (indicated by dashed blue lines) and others for new construction (indicated by dashed black lines). A fire water intake point is marked with a red rectangle, and a water intake point is marked with a red circle. The map also shows the locations of existing buildings and green spaces. The legend in the bottom left corner provides a key for the symbols used on the map.

Legend:

- Planeeritav hüdrant (Planned hydrant)
- Rekonstrueeritav veetrass tinglääbimõõdudega (Reconstructed water main with staggered dimensions)
- Planeeritav tuletõrje veevõtumahuti (50 m3) (Planned fire water intake tank (50 m3))
- Rajatav veetrass tinglääbimõõdudega (New water main with staggered dimensions)
- Puurkaev-pumplate sanitaarkaitsevõõnd (Sanitary protection well for water intake pump)
- Rajatav puurkaev-pumpla (New water intake pump)
- Puurkaev (Water intake well)

Map Details:

- The map shows a network of water mains connecting various buildings and green spaces.
- Key features include a fire water intake tank (red rectangle) and a water intake point (red circle).
- The map is titled "Lisa 2a: Libatse küla ühisveevarustuse üldskeem" (Appendix 2a: General scheme of the communal water supply system of Libatse village).
- The scale is 1:3000, and the map was created by Alkranel OÜ in 2006.
